PERSONAL PROJECTS

E-commerce Web App
- Developed an interactive shopping cart using HTML, CSS, JavaScript (Fetch API), PHP, and MySQL. Enabled dynamic product loading and user-friendly checkout system.

Restaurant Menu Automation System
- Designed a responsive digital menu using HTML, CSS, PHP, and MySQL. Allows customers to place orders digitally, saving time spent in order taking and hence improved customer experience.

Personal portfolio website
- Build my own personal portfolio to showcase my skills using HTML, CSS and JavaScript.
